

# WIND WALL MAPS

A series of Wind Wall Maps, updated annually.

The image shows a large map of the Southern North Sea Offshore Windfarm area, titled "2019 SOUTHERN NORTH SEA OFFSHORE WINDFARM MAP". The map is color-coded to show different stages of development: Planning (light blue), Consent Authorised (orange), Pre-Construction (yellow), Under Construction (dark orange), and Fully Commissioned (brown). It covers the waters between the United Kingdom, Netherlands, and Belgium. Major cities like London, Amsterdam, and Brussels are marked. The map is surrounded by numerous small advertisements for various companies in the renewable energy and construction sectors, including reg, WIES, AABI, M&S, Seving, RECASE, TELEVNE, LEADWIN, EMPWERS, Fire & Blast Wall Systems, VROON OFFSHORE SERVICES, The East of England Offshore Wind Wall Maps, astcoast, mjr, Atlanta, ENEMAC, WORLIFTS, Hydratire, Cowline specialises, Slingco, MSDS MEXICO, Global Wind Recruitment Specialists, and ROS.
