Leosphere
A Vaisala Company

The offshore frontier
WindCube: The industry's most proven lidar

There is a WindCube solution for every stage and application in offshore wind energy.

WindCube/WindCube Offshore | Floating and fixed lidar systems, greenfield wind resource assessment
WindCube Nacelle | Widely deployed for power performance testing, monitoring, turbine control
WindCube Scan | Nearshore wind resource assessment, wake and blockage effects, forecasting

Leosphere, a Vaisala company, brings decades of experience, a global network of 2 factories and 7 service centers, and unrivalled service offerings to every wind project we support.
